GAURKITSID-OORJA LLP

PROFESSIONAL PRIVATE SECURITY SOLUTIONS

PSARA Licensed • Entire State of Uttar Pradesh

Veteran-Led • Professionally Managed • Security-Focused

Why OORJA

OORJA SECURITY SERVICES is the security services brand of **GAURKITSID-OORJA LLP**, a PSARA-licensed private security agency based in Lucknow, Uttar Pradesh.

Veteran-Led Management

OORJA is managed by experienced veterans of the Indian Armed Forces and Central Armed Police Forces (CAPFs), bringing a strong culture of discipline, vigilance, integrity and operational accountability.

Ex-Servicemen Supervisory Preference

Wherever feasible, OORJA endeavours to appoint retired/ex-servicemen personnel from the Armed Forces and other uniformed services in supervisory roles.

Police / Antecedent Verification

Security personnel are subject to appropriate identity, documentation and police/antecedent verification processes before deployment, as applicable.

Mandatory Digital Attendance

Digital attendance is mandatory for deployed personnel, enabling accurate attendance records, deployment visibility and accountability.

Our Security Standards

- ✓ Structured pre-deployment screening and documentation checks.
- ✓ Training and site induction covering duties, professional conduct, access control, emergency procedures and reporting.
- ✓ Site-specific post orders / duty instructions defining responsibilities and escalation procedures.
- ✓ Regular supervisory visits and client coordination.
- ✓ Incident reporting and defined escalation mechanisms.
- ✓ Manpower replacement support to help maintain continuity of deployment.
- ✓ Professional uniform, grooming, punctuality and disciplined conduct.
- ✓ Periodic review of deployment and attendance records with client management.

OORJA 360° Security Management

Our approach is designed to manage the complete security deployment cycle — from identifying the requirement to monitoring service delivery.

01	Screening	02	Verification
03	Training	04	Deployment
05	Digital Attendance	06	Supervision
07	Reporting	08	Review

How We Work

Requirement Assessment	Understand site location, operating hours, access points, shift pattern, risk areas and manpower requirement.
Site Visit	Where required, assess the premises and prepare a practical deployment plan.
Manpower Mobilisation	Recruit and arrange suitable personnel according to the approved deployment requirement.
Deployment & Briefing	Brief personnel on duties, reporting lines, access protocols and site instructions.
Supervision & Support	Monitor attendance and deployment discipline, coordinate replacements and remain available to client management.

Our Security Philosophy

“Security is not merely about deploying manpower. It is about discipline, vigilance, accountability and the ability to respond when it matters.”

At OORJA SECURITY SERVICES, we combine professional security manpower with structured supervision and a client-focused approach to create dependable security solutions for every assignment.
